This intensive way of living is embodied by a spectacular yacht: the Sealine C390. Its floor-to-ceiling windows and the large skylight mesmerise the senses with every experience. A design that presents to you all the beauty of the sea – and puts others in its wake.

LIVING ON THE SUNNY SIDE

Up to 740 hp take you out of the daily routine and into a new world of emotion. An experience that is more exciting when shared with another – thanks to the double pilot seat. While everyone else enjoys the coveted view of the horizon from the bow sun lounge, which can be turned into a comfortable bench seat within seconds. The uniqueness of the Sealine C390 takes the breath away – even with a maximum of fresh sea air.

LEAVES NOTHING TO BE DESIRED

The cockpit area and saloon are connected by a bifold door and tilt-up window. When both are open, you enjoy one-level living on sunny days – or panoramic views when they are closed. To cool down in the shade, open the roof sections and slide out the bimini. Surprise your guests with culinary arts from the outdoor barbecue, or set off for water sports from the extra-long bathing platform. When it comes time to relax, turn the cockpit into a lounge landscape. Whatever you choose, you'll revel in every moment at sea.

MAKES EVERY MINUTE A PRECIOUS MOMENT: THE EXQUISITE INTERIOR

The interior of the Sealine C390 caters to your desires with the finest craftsmanship. And it adapts to the number of guests. Three double cabins and two bathrooms offer space for up to six. With a maximum of four persons, you have a separate stowage cabin for taking lots of extra amenities on board. Regardless of which variant you prefer: you are surrounding yourself and your loved ones with an aura of luxury.

GUIDED BY EXCELLENCE

The manufacturing quality of the C390 is a multi-sensory experience. Exquisite materials spoil the eye with every glance. A subtle scent of finest leathers blends with the pleasing feel of elegant woods. Anything you see or touch was masterfully handcrafted by superb boat builders. Enjoy an exclusive atmosphere that can only be created by the perfect match of sophisticated details.

SEALINE C390

CRAFTED WITHOUT COMPROMISE

Outstanding boating characteristics are part of the Sealine experience. From the shape of the hull to the engines, we have pulled out all the stops to ensure the C390 gives you special moments on the water.

HIGH PERFORMANCE AND LOW NOISE

Choose your engines: VOLVO PENTA D4-300 or VOLVO PENTA D6-370. Be fascinated by a speed of 34 knots with the power of 740 hp.

LAMINATED POWER GRID

The hull reinforcements of the Sealine C390 are elaborately laminated – giving you the advantages of a high-strength yacht with a reduced weight.

DEEP V-SHAPED KEEL

The Sealine C390 hull has a deep V keel and cuts sharp through the waves. This means the yacht is exceptionally stable in the water, and you can feel the higher boating comfort as a result.

UPRIGHT STEM

The vertical stem, with its bottom corner, pierces through the waves elegantly. This, in turn, results in more comfort and higher boating pleasure.
